

1. General Course Information

1.1 Course Details

Course Code:	FND113
Course Name:	Introduction to Systems Analysis
Trimester:	Trimester 3, 2019
Program:	Foundation Program
Credit Points:	10 Credit Points, 1 trimester, Elective Course
Course Coordinator:	Alastair McWhir
Document modified:	September 2019

Course Description

Systems analysis is "the process of studying a procedure or business in order to identify its goals and purposes and create systems and procedures that will achieve them in an efficient way."

Assumed Knowledge

There are no assumed knowledge for this course.

1.2 Teaching Team

Your lecturer/tutor can be contacted via the email system on the portal.

Name	Email
Alastair McWhir	alastair.mcwhir@staff.griffithcollege.edu.au

1.3 Staff Consultation

Your lecturer/tutor is available each week for consultation outside of normal class times. Times that your lecturer/tutor will be available for consultation will be given in the first week of lectures. A list of times and rooms will be published on the Griffith College Portal under the "Support and Services/Teacher Consultation Times" link.

1.4 Timetable

Your timetable is available on the Griffith College Portal at Class Timetable in Student and Services.

1.5 Technical Specifications

All students must have access to a computer or suitable mobile device.

2. Aims, Outcomes & Generic Skills

2.1 Course Aims

This course is intended to give you an understanding of the underlying theory of project management as well as an opportunity to practically plan, design and implement an information system that achieves a business goal. The unit provides both a theoretical and practical approach covering the phases involved in Project Management. Upon completion of this unit you will be able to describe the characteristics and phases of a project and its life cycle, and explain the processes involved in selecting and initiating a project. You will be able to analyse situations, identify the purpose and need of projects, prepare various documentations particular to each phase and process, propose and complete successful projects.

2.2 Learning Outcomes

After successfully completing this course you should be able to:

1. Use all Project Management phases, life cycles and methodologies in a project report.
2. Explain the role played by the project manager.
3. Justify the use of appropriate resources and tools to develop and plan a project.
4. Evaluate a business information system that supports the business needs of a project.
5. Use Project Management software tools to plan a project.

2.3 Generic skills

For further details on the Generic Skills please refer to the Graduate Generic Skills and Capabilities policy.

Griffith College aims to develop graduates who have an open and critical approach to learning and a capacity for lifelong learning. Through engagement in their studies, students are provided with opportunities to begin the development of these and other generic skills.

Studies in this course will give you opportunities to begin to develop the following skills:

Generic Skills	Taught	Practised	Assessed
Written Communication		Yes	Yes
Oral Communication		Yes	Yes
Information Literacy		Yes	Yes
Secondary Research		Yes	Yes
Critical and Innovative Thinking		Yes	Yes

Academic Integrity	Yes	Yes	Yes
Self-Directed Learning		Yes	
Team Work		Yes	Yes
Cultural Intelligence			
English Language Proficiency			

3. Learning Resources

3.1 Required Resources

Prescribed textbook: “Project Management” 2nd edition by Adrienne Watt (2019) BCcampus Open Textbook project.

This textbook is available free from <https://opentextbc.ca/projectmanagement/>

“Project Management” is licensed under the Creative Commons Attribution 4.0 Unported License.

Gantt Project (2019) <http://www.ganttproject.biz/>

“GanttProject” is free software. Code which is written by GanttProject authors and contributors is distributed under the terms of GNU General Public License version 3 (GPL 3).

3.2 Recommended Resources

Recommended readings available on Griffith College FND113 Portal

PMBOK® Guide and Standards <http://www.pmi.org/PMBOK-Guide-and-Standards.aspx>

3.3 College Support Services and Learning Resources

The College provides many facilities and support services to assist students in their studies. Links to information about College support resources that are available to students are included below for easy reference.

[Digital Library](#) – Databases to which Griffith College students have access to through the Griffith Library Databases.

MyStudy – there is a dedicated website for this course via MyStudy on the Griffith College Portal.

[Academic Integrity Tutorial](#) - this tutorial helps students to understand what academic integrity is and why it matters. You will be able to identify types of breaches of academic integrity, understand what skills you will need in order to maintain academic integrity, and learn about the processes of referencing styles.

Services and Support provides a range of services to support students throughout their studies including personal support such as Counselling; Academic support; and Welfare support.

Jobs and Employment in the [Student Hub](#) can assist students with career direction, resume and interview preparation, job search tips, and more.

[IT Support](#) provides details of accessing support, information on s numbers and internet access and computer lab rules.

3.4 Other Learning Information

Attendance

You are expected to attend all lectures and tutorials and to actively engage in learning during these sessions. You are expected to bring all necessary learning resources to class such as the required textbook and /or Workbook. In addition, you may BYOD (bring your own device) to class such as a laptop or tablet. This is not a requirement as computer lab facilities are available on campus, however, the use of such devices in the classroom is encouraged with appropriate and considerate use principles being a priority.

Preparation and Participation in Class

In order to enhance learning, prepare before lectures and tutorials. Read the relevant section of your text book before a lecture, and for a tutorial read both the textbook and the relevant lecture notes. If you have been given tutorial exercises, make sure you complete them. Active participation in lectures and tutorials will improve your learning. Ask questions when something is unclear or when you want to bring some issue to your lecturer or tutor's attention; respond to questions to test your knowledge and engage in discussion to help yourself and others learn.

Consultation Sessions

Teachers offer extra time each week to assist students outside the classroom. This is known as 'consultation time.' You may seek assistance from your teacher on email or in person according to how the teacher has explained this to the class. Attendance during consultation time is optional but you are encouraged to use this extra help to improve your learning outcomes.

Course Materials

Lecture notes will be made available to you in MyStudy on the Griffith College Portal and you are advised to either print these out and bring them to each class so that extra notes can be added or BYOD (bring your own device) and add extra notes digitally.

Self-Directed Learning

You will be expected to learn independently. This means you must organise and learn the course content even when you are not specifically asked to do so by your lecturer or tutor. This involves revising the weekly course material. It also means you will need to find additional information for some assessment items beyond that given to you in textbooks and lecture notes, and to construct your own response to a question or topic. All of this requires careful planning of your time. Expect to spend, on average, at least 10 hours per week including class time for each of your courses.

Program Progression

You are reminded that satisfactory Program Progression requires that attendance in classes is maintained at equal to or greater than 80%, and that GPA is maintained at equal to or greater than 3.5 [please see Griffith College Policy Library - Program Progression Policy - for more information].

Teacher and course Evaluation

Your feedback is respected and valued by your lecturers and tutors. You are encouraged to provide your thoughts on the course and teaching, both positive and critical, directly to your lecturer and tutor or by completing course and lecturer evaluations via Griffith College's evaluation tool whenever these are available.

4. Learning and Teaching Activities

4.1 Weekly Learning Activities

Week	Topic	Activity	Readings	Learning Outcomes
1	Introduction to Project Management and the Information Technology context	Lectorial	Text: Watt Ch 1 Project Management: Past and Present, Ch 2 Project Management Overview	1,2,3
	Career planning and project topics	Workshop		
2	The Project Lifecycle	Lectorial	Text: Watt Ch 3 The Project Life Cycle (Phases) Ch 4 Framework for Project Management	1,2,3
	Project topic research	Workshop		
3	Project Manager Roles and Responsibilities	Lectorial	Text: Watt Ch 2 Project Management Overview	1,2,3
	Project report formatting	Workshop		
4	Systems Analysis & Design	Lectorial	See FND113 portal	
	Project mind mapping	Workshop		
5	Project Requirements Analysis: Project Scope Management	Lectorial	Text: Watt Ch 9 Scope Planning	1,2,3
	Project rich pictures	Workshop		
6	Business Information Systems	Lectorial	See FND113 portal	1,2,3,4
	Business Information Systems research	Workshop		
7	Project Schedule Management	Lectorial	Text: Watt Ch 10 Project Schedule Planning	1,2,3,4,5
	Project schedule Gantt Charts	Workshop		
8	Project Resource Management	Lectorial	Text: Watt Ch 11 Resource Planning	1,2,3,4,5
	Project resource allocation Gantt Charts	Workshop		
9	Project Risk Management	Lectorial	Text: Watt Ch 16. Risk Management Planning	1,2,3
		Workshop		
10	Project Communications Management	Lectorial	Text: Watt Ch 15. Communication Planning	1,2,3
	Project closure planning	Workshop		
11	Individual Project review	Workshop		1,2,3,4,5
12	Course Review	Workshop		1,2,3,4,5

Note: Details of page numbers for readings will be contained in the course workbook.

5. Assessment Plan

5.1 Assessment Summary

Item	Assessment Task	Weighting	Relevant Learning Outcomes	Due Date
1	Quiz 1	10%	1 - 3	Week 6
2	Workbook including Project Management Computer Skills Exercises	25%	1 - 5	Weeks 2 - 11
3	Project Management Research. Group Forum activities.	15%	1 – 4	Weeks 2 - 7
4	Quiz 2	10%	1 - 3	Week 12
5	Individual Project Report	40%	1 - 5	End of Week 12

5.2 Assessment Detail

You will demonstrate understanding of the concepts taught in the course through a variety of assessment instruments.

Class Tests

Due: Week 6 and 12

Weighting: 2 X 10 = 20%

This class test will contain short answer & multiple-choice questions, based on material covered in weeks 1- 5 and 6-11

This Assessment Task relates to the following Learning Outcomes:

1. Use all Project Management phases, life cycles and methodologies in a project report.
2. Explain the role played by the project manager.
3. Justify the use of appropriate resources and tools to develop and plan a project.

Workbook

Due: Throughout the trimester from Weeks 2 to 11

Weighting: 25%

Throughout the trimester you will be required to complete homework each week. Some of this work will be done in class. You are required to complete all tasks and show your ability to make notes and link the ideas learned in class to experiences and ideas you already have. Marks will be given for the completion of in class / homework and the quality of your answers.

The workbook includes records of the computer skills exercises. This practical assessment will test knowledge on the use of Project Management Software practical activities done during the session. Marks will be awarded for successful completion of in class computer activities.

This Assessment Task relates to the following Learning Outcomes:

1. Use all Project Management phases, life cycles and methodologies in a project report.
2. Explain the role played by the project manager.
3. Justify the use of appropriate resources and tools to develop and plan a project.
4. Evaluate a business information system that supports the business needs of a project.
5. Use Project Management software tools to plan a project.

Project Management Research Group Forum

Due: Week 8

Weighting: 15%

The project management research activities will allow you to research project case studies and terminology. You will, as part of a group, create an annotated bibliography of research that will be hosted using a forum.

This Assessment Task relates to the following Learning Outcomes:

1. Use all Project Management phases, life cycles and methodologies in a project report.
2. Explain the role played by the project manager.
3. Justify the use of appropriate resources and tools to develop and plan a project.
4. Evaluate a business information system that supports the business needs of a project.

Individual Project Report

Due: Week 12

Weighting: 40%

The individual project requires you to design a project using principles learned throughout the course. The task requires you to create a project management plan using principles learned. You will develop skills in conducting research on a given topic that relates to the content of the course and use project management software. The project finding/outcomes will be submitted in the form of a report and associated computer files.

This Assessment Task relates to the following Learning Outcomes:

1. Use all Project Management phases, life cycles and methodologies in a project report.
2. Explain the role played by the project manager.
3. Justify the use of appropriate resources and tools to develop and plan a project.
4. Evaluate a business information system that supports the business needs of a project.
5. Use Project Management software tools to plan a project.

5.3 Late Submission

An assessment item submitted after the due date, without an approved extension from the Course Coordinator, will be penalised. The standard penalty is the reduction of the mark allocated to the assessment item by 5% of the maximum mark applicable for the assessment item, for each working day or part working day that the item is late. Assessment items submitted more than five working days after the due date are awarded zero marks.

Please refer to the Griffith College website - Policy Library > Assessment Policy for guidelines and penalties for late submission.

5.4 Other Assessment Information

Retention of Originals

You must be able to produce a copy of all work submitted if so requested. Copies should be retained until after the release of final results for the course.

Requests for extension

To apply for an extension of time for an assignment, you must submit an [Application for Extension of Assignment](#) form to your teacher at least 24 hours before the date the assignment is due. Grounds for extensions are usually: serious illness, accident, disability, bereavement or other compassionate circumstances and must be able to be substantiated with relevant documentation [e.g. [Griffith College Student Medical Certificate](#)]. Please refer to the Griffith College website - Policy Library - for guidelines regarding extensions and deferred assessment.

Return of Assessment Items

1. Marks awarded for in-trimester assessment items, except those being moderated externally with Griffith University, will be available on the Student Portal within fourteen [14] days of the due date. This does not apply to the final assessment item in this course (marks for this item will be provided with the final course result).
2. Students will be advised of their final grade through the Student Portal. Students can review their exam papers after student grades have been published (see relevant Griffith College Fact Sheet for allocated times at Support> Factsheets). Review of exam papers will not be permitted after the final date to enrol.
3. Marks for **all** assessment items including the final exam (if applicable) will be recorded in the Moodle Course Site and made available to students through the Moodle Course Site.

The sum of your marks overall assessment items in this course does not necessarily imply your final grade for the course. Standard grade cut off scores can be varied for particular courses, so you need to wait for the official release of grades to be sure of your grade for this course.

6. Policies & Guidelines

Griffith College assessment-related policies can be found in the [Griffith College Policy Library](#) which include the following policies:

Assessment Policy, Special Consideration, Deferred Assessment, Alternate Exam Sitting, Medical Certificates, Academic Integrity, Finalisation of Results, Review of Marks, Moderation of Assessment, Turn-it-in Software Use. These policies can be accessed using the 'Document Search' feature within the [Policy Library](#)

Academic Integrity Griffith College is committed to maintaining high academic standards to protect the value of its qualifications. Academic integrity means acting with the values of honesty, trust, fairness, respect and responsibility in learning, teaching and research. It is important for students, teachers, researchers and all staff to act in an honest way, be responsible for their actions, and show fairness in every part of their work. Academic integrity is important for an individual's and the College's reputation.

All staff and students of the College are responsible for academic integrity. As a student, you are expected to conduct your studies honestly, ethically and in accordance with accepted standards of academic conduct. Any form of academic conduct that is contrary to these standards is considered a breach of academic integrity and is unacceptable.

Some students deliberately breach academic integrity standards with intent to deceive. This conscious, pre-meditated form of cheating is considered to be one of the most serious forms of fraudulent academic behaviour, for which the College has zero tolerance and for which penalties, including exclusion from the College, will be applied.

However, Griffith College also recognises many students breach academic integrity standards without intent to deceive. In these cases, students may be required to undertake additional educational activities to remediate their behaviour and may also be provided appropriate advice by academic staff.

As you undertake your studies at Griffith College, your lecturers, tutors and academic advisors will provide you with guidance to understand and maintain academic integrity; however, it is also your responsibility to seek out guidance if and when you are unsure about appropriate academic conduct.

In the case of an allegation of a breach of academic integrity being made against a student he or she may request the guidance and support of a Griffith College Student Learning Advisor or Student Counsellor.

Please ensure that you are familiar with the Griffith College Academic Integrity Policy; this policy provides an overview of some of the behaviours that are considered breaches of academic integrity, as well as the penalties and processes involved when a breach is identified.

For further information please refer to the Griffith College website - Policy Library > Academic Integrity Policy

Reasonable Adjustments for Assessment – The Disability Services policy

The Disability Services policy (accessed using the Document Search' feature with the [Policy Library](#)) outlines the principles and processes that guide the College in making reasonable adjustments to assessment for students with disabilities while maintaining academic robustness of its programs.

Risk Assessment Statement

There are no out of the ordinary risks associated with this course.
