1.1 Course Details

Course Code:	2201AFE
Course Name:	Corporate Finance
Trimester:	Trimester 3, 2019
Program:	Associate Degree in Commerce and Business
Credit Points:	10
Course Coordinator:	Tilak Liyanaarachchi
Document modified:	21 February 2020

Course Description

Corporate Finance is a 10 Credit Point course within the Associate Degree in Commerce and Business. The course is situated within the second year of the program. The Associate Degree in Commerce and Business is designed to provide students with a pathway to:

- further university studies in Commerce, Business and related degrees or
- direct employment

This course constructs a theoretical framework to view financial management decisions. It progresses from the acknowledgement that the financial dimension of decision making is only one area of concern, to develop a theory of capital asset pricing which describes a fundamental trade-off between risk and return.

Assumed Knowledge

To successfully enrol in this Course, you must provide evidence that you have completed the following Courses:

- 1101AFE - Accounting Principles; or
- 1102AFE - Accounting for Decision Making

1.2 Teaching Team

Your lecturer/tutor can be contacted via the email system on the portal.

Your lecturer/tutor is available each week for consultation outside of normal class times. Times that your lecturer/tutor will be available for consultation will be given in the first week of lectures. A list of times and rooms will be published on the Griffith College Portal under the "Support and Services/Teacher Consultation Times" link.

1.4 Timetable

Your timetable is available on the Griffith College Portal at Class Timetable in Student and Services.

1.5 Technical Specifications

All students must have access to a computer or suitable mobile device.

2. Aims, Outcomes & Generic Skills

2.1 Course Aims

The course deals with the practical and theoretical aspects of economic decision making so that students can decide when an investment project is profitable and students are able to assess the value of debt, equity in a firm. Students will learn the basic function of financial markets, the importance of cash flows, how to calculate future and present values, effective interest rates, investment projects, risk and return, and the role of debt in firm.

These skills are important for the understanding of accounting, marketing and management, as well as for students' individual economic decisions regarding matters like buying a car or a house, planning for children, retirement or starting up a firm.

2.2 Learning Outcomes

After successfully completing this course you should be able to:

1. Explain the basic finance principles relating to the time value of money, cash flow discounting, risk-return relationship and portfolio diversification.
2. Discuss the theories and models used in investment, financing and dividend decisions.
3. Use capital budgeting techniques in the evaluation of projects and make correct investment decisions.
4. Apply the appropriate models in equity and bond valuation.
5. Differentiate between the three capital structure theories to solve financing decisions.
6. Categorise the various dividend policies used in theory and practice to make appropriate dividend decisions.

Griffith College aims to develop graduates who have an open and critical approach to learning and a capacity for lifelong learning. Through engagement in their studies, students are provided with opportunities to begin the development of these and other generic skills.

Studies in this course will give you opportunities to begin to develop the following skills:

3. Learning Resources

3.1 Required Resources

Course material such as tutorial questions, lecture notes and course announcements will be made available through the course notes section of the Griffith College portal.

Required Text:

Ross, S., Drew, M., Walk, A., Westerfield, R., & Jordan, B. (2017). *Fundamentals of Corporate Finance* (7th ed.). McGraw-Hill.

3.2 Recommended Resources

Clayman, M.R., Fridson, M.S. & Troughton, G. H. (2012). Chapter 1, *Corporate Governance in Corporate Finance: a practical approach*. John Wiley and Sons, Hoboken, New Jersey.

3.3 College Support Services and Learning Resources

The College provides many facilities and support services to assist students in their studies. Links to information about College support resources that are available to students are included below for easy reference.

[Digital Library](#) – Databases to which Griffith College students have access to through the Griffith Library Databases.

MyStudy – there is a dedicated website for this course via MyStudy on the Griffith College Portal.

[Academic Integrity Tutorial](#) - this tutorial helps students to understand what academic integrity is and why it matters. You will be able to identify types of breaches of academic integrity, understand what skills you will need in order to maintain academic integrity, and learn about the processes of referencing styles.

Services and Support provides a range of services to support students throughout their studies including personal support such as Counselling; Academic support; and Welfare support.

Jobs and Employment in the [Student Hub](#) can assist students with career direction, resume and interview preparation, job search tips, and more.

[IT Support](#) provides details of accessing support, information on s numbers and internet access and computer lab rules.

3.4 Other Learning Information

Attendance

You are expected to attend all lectures and tutorials and to actively engage in learning during these sessions. You are expected to bring all necessary learning resources to class such as the required textbook and /or Workbook. In addition, you may BYOD (bring your own device) to class such as a laptop or tablet. This is not a requirement as computer lab facilities are available on campus, however, the use of such devices in the classroom is encouraged with appropriate and considerate use principles being a priority.

Preparation and Participation in Class

In order to enhance learning, prepare before lectures and tutorials. Read the relevant section of your text book before a lecture, and for a tutorial read both the textbook and the relevant lecture notes. If you have been given tutorial exercises, make sure you complete them. Active participation in lectures and tutorials will improve your learning. Ask questions when something is unclear or when you want to bring some issue to your lecturer or tutor's attention; respond to questions to test your knowledge and engage in discussion to help yourself and others learn.

Consultation Sessions

Teachers offer extra time each week to assist students outside the classroom. This is known as 'consultation time.' You may seek assistance from your teacher on email or in person according to how the teacher has explained this to the class. Attendance during consultation time is optional but you are encouraged to use this extra help to improve your learning outcomes.

Course Materials

Lecture notes will be made available to you in MyStudy on the Griffith College Portal and you are advised to either print these out and bring them to each class so that extra notes can be added or BYOD (bring your own device) and add extra notes digitally.

Self-Directed Learning

You will be expected to learn independently. This means you must organise and learn the course content even when you are not specifically asked to do so by your lecturer or tutor. This involves revising the weekly course material. It also means you will need to find additional information for some assessment items beyond that given to you in textbooks and lecture notes, and to construct your own response to a question or topic. All of this requires careful planning of your time. Expect to spend, on average, at least 10 hours per week including class time for each of your courses.

Program Progression

You are reminded that satisfactory Program Progression requires that attendance in classes is maintained at equal to or greater than 80%, and that GPA is maintained at equal to or greater than 3.5 [please see Griffith College Policy Library - Program Progression Policy - for more information].

Teacher and course Evaluation

Your feedback is respected and valued by your lecturers and tutors. You are encouraged to provide your thoughts on the course and teaching, both positive and critical, directly to your lecturer and tutor or by completing course and lecturer evaluations via Griffith College's evaluation tool whenever these are available.

5. Assessment Plan

5.1 Assessment Summary

Item	Assessment Task	Weighting	Learning Outcomes	Due Date
1	In-Class Tests (x4)	20%	1,2,3,4,5,6	Weeks 4, 6, 10 & 12
2	Mid-Trimester Exam	30%	1,2,3,4	Week 7
3	Final Exam	50%	1,2,3,4,5,6	Exam Period

5.2 Assessment Detail

In-Class Tests:

Students will be required to complete four (4) in-class tests, each worth 5%. This assessment item will be worth 20% and details will be provided in class. Test 1 will be held in week 4 and cover chapters 1,2,3 and 5. Test 2 will be held in week 6 and will cover chapters 6, 7 and 8. Test 3 will be held in week 10 and will cover chapters 9,10 and 11. Test 4 will be held in week 13 and will cover chapter 17,18 and 19. You will have 1 hour to complete each test. There will be no opportunity to undertake deferred tests if for any reason you are unable to sit the test during the scheduled class time.

Mid-Trimester Exam:

The exam has a duration of 2 hours with a perusal time of 10 minutes, during which you can write on the exam paper. It consists of 30 multiple-choice questions that are both theory and calculation, and it tests the material covered in Chapters 1,2,3,5,6,7 and 8.

Final Examination:

The final exam is conducted during the formal examination period at the end of trimester. It will be of 2.5 hours duration with a 10 minute perusal during which you can write on the exam paper only. The examination content will cover the whole course, while paying more attention to the concepts covered after the Mid Trimester Exam, in particular Chapters 9 to 11 and 17 to 20. It consists of 6 questions, each having multiple problem-solving and short-answer questions that may or may not be related to each other. Question 1 is compulsory and all students are required to answer this. Then only answer 3 questions out of the remaining 5.

5.3 Late Submission

An assessment item submitted after the due date, without an approved extension from the Course Coordinator, will be penalised. The standard penalty is the reduction of the mark allocated to the assessment item by 5% of the maximum mark applicable for the assessment item, for each working day or part working day that the item is late. Assessment items submitted more than five working days after the due date are awarded zero marks.

Please refer to the Griffith College website - Policy Library > Assessment Policy for guidelines and penalties for late submission.

5.4 Other Assessment Information

Retention of Originals

You must be able to produce a copy of all work submitted if so requested. Copies should be retained until after the release of final results for the course.

Requests for extension

To apply for an extension of time for an assignment, you must submit an [Application for Extension of Assignment](#) form to your teacher at least 24 hours before the date the assignment is due. Grounds for extensions are usually: serious illness, accident, disability, bereavement or other compassionate circumstances and must be able to be substantiated with relevant documentation [e.g. [Griffith College Student Medical Certificate](#)]. Please refer to the Griffith College website - Policy Library - for guidelines regarding extensions and deferred assessment.

Return of Assessment Items

1. Marks awarded for in-trimester assessment items, except those being moderated externally with Griffith University, will be available on the Student Portal within fourteen [14] days of the due date. This does not apply to the final assessment item in this course (marks for this item will be provided with the final course result).
2. Students will be advised of their final grade through the Student Portal. Students can review their exam papers after student grades have been published (see relevant Griffith College Fact Sheet for allocated times at Support > Factsheets). Review of exam papers will not be permitted after the final date to enrol.
3. Marks for **all** assessment items including the final exam (if applicable) will be recorded in the Moodle Course Site and made available to students through the Moodle Course Site.

The sum of your marks overall assessment items in this course does not necessarily imply your final grade for the course. Standard grade cut off scores can be varied for particular courses, so you need to wait for the official release of grades to be sure of your grade for this course.

6. Policies & Guidelines

Griffith College assessment-related policies can be found in the [Griffith College Policy Library](#) which include the following policies:

Assessment Policy, Special Consideration, Deferred Assessment, Alternate Exam Sitting, Medical Certificates, Academic Integrity, Finalisation of Results, Review of Marks, Moderation of Assessment, Turn-it-in Software Use. These policies can be accessed using the 'Document Search' feature within the [Policy Library](#)

Academic Integrity Griffith College is committed to maintaining high academic standards to protect the value of its qualifications. Academic integrity means acting with the values of honesty, trust, fairness, respect and responsibility in learning, teaching and research. It is important for students, teachers, researchers and all staff to act in an honest way, be responsible for their actions, and show fairness in every part of their work. Academic integrity is important for an individual's and the College's reputation.

All staff and students of the College are responsible for academic integrity. As a student, you are expected to conduct your studies honestly, ethically and in accordance with accepted standards of academic conduct. Any form of academic conduct that is contrary to these standards is considered a breach of academic integrity and is unacceptable.

Some students deliberately breach academic integrity standards with intent to deceive. This conscious, pre-meditated form of cheating is considered to be one of the most serious forms of fraudulent academic behaviour, for which the College has zero tolerance and for which penalties, including exclusion from the College, will be applied.

However, Griffith College also recognises many students breach academic integrity standards without intent to deceive. In these cases, students may be required to undertake additional educational activities to remediate their behaviour and may also be provided appropriate advice by academic staff.

As you undertake your studies at Griffith College, your lecturers, tutors and academic advisors will provide you with guidance to understand and maintain academic integrity; however, it is also your responsibility to seek out guidance if and when you are unsure about appropriate academic conduct.

In the case of an allegation of a breach of academic integrity being made against a student he or she may request the guidance and support of a Griffith College Student Learning Advisor or Student Counsellor.

Please ensure that you are familiar with the Griffith College Academic Integrity Policy; this policy provides an overview of some of the behaviours that are considered breaches of academic integrity, as well as the penalties and processes involved when a breach is identified.

For further information please refer to the Griffith College website - Policy Library > Academic Integrity Policy

Reasonable Adjustments for Assessment – The Disability Services policy

The Disability Services policy (accessed using the Document Search' feature with the [Policy Library](#)) outlines the principles and processes that guide the College in making reasonable adjustments to assessment for students with disabilities while maintaining academic robustness of its programs.
