

## 1. General Course Information

## 1.1 Course Details

Course Code:	FND102
Course Name:	Academic Communication Skills 2
Trimester:	2
Program:	Foundation
Credit Points:	10
Course Coordinator:	Kiara Cerutti
Document modified:	12 June 2020

## **Course Description**

This course is an extension of the skills learned in FND101. In this course students continue to develop their skills in critical thinking, researching, referencing and use of academic grammar conventions. Students will apply these skills in order to unpack an assignment task and write a full academic essay in preparation for further study.

## Assumed Knowledge

Students should be able to use the basic functions of search databases, such as ProQuest, in order to research a topic. They should be able to recognise the difference between academic and non-academic texts and write a paragraph to a satisfactory standard.

## 1.2 Teaching Team

Your lecturer/tutor can be contacted via the email system on the portal.

Name	Email
Kiara Cerutti	kiara.cerutti@griffithcollege.edu.au

## 1.3 Staff Consultation

Your lecturer/tutor is available each week for consultation outside of normal class times. Times that your lecturer/tutor will be available for consultation will be found on the Moodle Course Site.

## 1.4 Timetable

Your timetable is available on the Griffith College Portal at Class Timetable in Student and Services.

## 1.5 Technical Specifications

All students must have access to a computer or suitable mobile device.

## 2. Aims, Outcomes & Generic Skills

## 2.1 Course Aims

This course aims to assist students in developing specific academic communication strategies that are suitable in a tertiary environment. It systematically introduces vocabulary, structures and techniques that are commonly found in academic texts. It also aims to teach students how to recognise these features in readings, and to use this knowledge to help with their comprehension. The course also focusses on developing an understanding of the critical thinking process and relevant writing techniques that support critical thought and analysis. By the end of the course students will have developed confidence in applying the written and oral conventions that are common to tertiary study.

#### 2.2 Learning Outcomes

After successfully completing this course you should be able to:

- 1. Apply critical thinking strategies when reading, writing, listening and speaking.
- 2. Recognise and understand how to use the features of an academic essay.
- 3. Apply academic language conventions to your work.

#### 2.3 Generic Skills and Capabilities

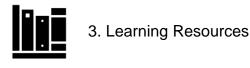

For further details on the Generic Skills please refer to the Graduate Generic Skills and Capabilities policy.

Griffith College aims to develop graduates who have an open and critical approach to learning and a capacity for lifelong learning. Through engagement in their studies, students are provided with opportunities to begin the development of these and other generic skills.

Studies in this course will give you opportunities to begin to develop the following skills:

Generic Skills and Capabilities			Practised	Assessed
Acquisition of discipline knowledge and skills with critical judgement	8	✓	~	$\checkmark$
Communication and collaboration		✓	~	~
Self-directed and active learning		~	~	~

## 3.1 Required Learning Resources

Online resources are available on the portal. No textbook required.

## 3.2 Recommended Learning Resources

Extra resources will be provided by your teacher as the course progresses.

## 3.3 College Support Services and Learning Resources

The College provides many facilities and support services to assist students in their studies. Links to information about College support resources that are available to students are included below for easy reference.

Digital Library – Databases to which Griffith College students have access to through the Griffith Library Databases.

MyStudy - there is a dedicated website for this course via MyStudy on the Griffith College Portal.

<u>Academic Integrity Tutorial</u> - this tutorial helps students to understand what academic integrity is and why it matters. You will be able to identify types of breaches of academic integrity, understand what skills you will need in order to maintain academic integrity, and learn about the processes of referencing styles.

Services and Support provides a range of services to support students throughout their studies including academic advice and assignment help from Student Learning Advisors, and personal and welfare support from Student Counsellors.

Jobs and Employment in the <u>Student Hub</u> can assist students with career direction, resume and interview preparation, job search tips, and more.

<u>IT Support</u> provides details of accessing support, information on s numbers and internet access and computer lab rules.

## 3.4 Other Information about your Learning

#### Attendance

You are expected to actively engage in all learning experiences and learning activities which underpin the learning content in this course. You are expected to engage with the learning content and learning activities outside of timetabled class times. This requires you to be an active agent of your learning. You are expected to bring all necessary learning resources to class such as the required textbook and /or Workbook. In addition, you are encouraged to BYOD (bring your own device) to class such as a laptop or tablet. This is not a requirement as computer lab facilities are available on campus, however, the use of such devices in the classroom is encouraged with appropriate and considerate use principles being a priority.

#### **Preparation and Participation in Learning**

In order to enhance your learning, you need to prepare before participating in the learning experiences. Absorb the learning content and complete the learning activities that are provided online before you attend the scheduled learning experiences. Make sure you complete the learning activities set each week; they are designed to support your learning. Active participation in your learning will enhance your success. Ask questions when something is unclear or when you want to bring some issue to your lecturer or tutor's attention; respond to questions to test your knowledge and engage in discussion to help yourself and others learn.

#### **Consultation Sessions**

Teachers offer extra time each week to assist students outside the classroom. This is known as 'consultation time.' You may seek assistance from your teacher on email or in person according to how the teacher has explained this to the class. Attendance during consultation time is optional but you are encouraged to use this extra help to improve your learning outcomes.

#### **Course Learning Materials**

Learning materials are made available to you in MyStudy on the Griffith College Portal. The learning materials are arranged in Modules. In each Module you will find the learning content, learning activities and learning experiences. Actively working your way through these course learning materials together with your lecturer or tutor will prepare you to succeed when completing the evidence of learning (assessment).

#### Self-Directed Learning

You will be expected to learn independently. This means you must organise and engage with the course learning content even when you are not specifically asked to do so by your lecturer or tutor. The weekly guide will be helpful to organise your learning. This involves revising the weekly course learning material and completing the learning activities. It also means you will need to find additional information to evidence your learning (assessment) beyond that given to you, and to construct your own response to a question or topic. All of this requires careful planning of your time. Expect to spend, on average, at least 10 hours per week including class time for each of your courses.

#### **Program Progression**

You are reminded that satisfactory Program Progression requires that attendance in classes is maintained at equal to or greater than 80%, and that GPA is maintained at equal to or greater than 3.5 [please see Griffith College Policy Library - Program Progression Policy - for more information].

#### **Teacher and Course Evaluation**

Your feedback is respected and valued by your lecturers and tutors. You are encouraged to provide your thoughts on the course and teaching, both positive and critical, directly to your lecturer and tutor or by completing course and lecturer evaluations via Griffith College's evaluation tool whenever these are available.

## 5. Evidence of Learning (Assessment Plan)

## 5.1 Evidence of Learning Summary

	Evidence of learning	Weighting	Learning outcome	Due Date
1	Critical Thinking Presentation	30%	1	Week 6
2	Portfolio Task 1: Essay Outline	5%	2	Week 8
3	Portfolio Task 2: Developed Paragraph	25%	2 & 3	Week 9
4	Portfolio Task 3: Essay	40%	2 & 3	Week 12

## 5.2 Evidence of Learning Task Detail

#### Critical Thinking Presentation (30%)

In pairs, students will choose a journal article to present to the class. They must summarise the journal article, illustrate its identifying features and clarify topic related vocabulary. Students will then evaluate their articles strengths and weaknesses in terms of academic reliability and use this article in order to facilitate further discussion related to the topic.

#### Portfolio Task 1: Essay Outline (5%)

After unpacking their assignment topic in class, students will provide a breakdown of their essay which outlines their thesis statement and topic sentences for their body paragraphs.

#### Portfolio Task 2: Developed Paragraph (25%)

Using their essay outline as a basis, students will develop fully one body paragraph for their essay. The body paragraph must include a topic sentence, claims for their topic, and substantial support for these claims using paraphrasing and appropriate in-text citations. The paragraph should show academic language conventions which includes using complex sentences, the passive tense and an understanding of cohesive devices.

#### Portfolio Task 3: Essay (25%)

Using their essay outline as a basis, students will complete their essay in full. Students should take on board the suggestions made by the teacher from tasks 2 and show evidence of language and grammar progression. The essay should have an introduction, 3 body paragraphs (minimum), a conclusion and an APA formatted reference list. The essay should illustrate the students understanding of the topic and their ability to develop a discussion with relevant support using academic writing conventions.

An evidence of learning (assessment) item submitted after the due date, without an approved extension from the Course Coordinator, will be penalised. The standard penalty is the reduction of the mark allocated to the assessment item by 5% of the maximum mark applicable for the assessment item, for each working day or part working day that the item is late. Evidence of learning items submitted more than five working days after the due date are awarded zero marks.

Please refer to the Griffith College website - Policy Library > Assessment Policy for guidelines and penalties for late submission.

## 5.4 Other Information about Evidence of Learning

#### **Retention of Originals**

You must be able to produce a copy of all work submitted if so requested. Copies should be retained until after the release of final results for the course.

#### **Requests for extension**

To apply for an extension of time for an evidence of learning item, you must submit an <u>Application for Extension</u> of <u>Assignment</u> form to your teacher at least 24 hours before the date the assignment is due. Grounds for extensions are usually: serious illness, accident, disability, bereavement or other compassionate circumstances and must be able to be substantiated with relevant documentation [e.g. <u>Griffith College Student Medical</u> <u>Certificate</u>]. Please refer to the Griffith College website - Policy Library - for guidelines regarding extensions and deferred assessment.

#### **Return of Evidence of Learning Items**

- Marks awarded for in-trimester evidence of learning items, except those being moderated externally with Griffith University, will be available on the Student Portal within fourteen [14] days of the due date. This does not apply to the final evidence of learning item in this course (marks for this item will be provided with the final course result).
- 2. Students will be advised of their final grade through the Student Portal. Students can review their final exam papers after student grades have been published. Review of final exam papers will not be permitted after the final date to enrol.
- 3. Marks for **all** evidence of learning items including the final exam (if applicable) will be recorded in the Moodle Course Site and made available to students through the Moodle Course Site.

The sum of your marks of evidence of learning items in this course does not necessarily imply your final grade for the course. Standard grade cut off scores can be varied for particular courses, so you need to wait for the official release of grades to be sure of your grade for this course.

## 6. Policies & Guidelines

Griffith College assessment-related policies can be found in the <u>Griffith College Policy Library</u> which include the following policies:

Assessment Policy, Special Consideration, Deferred Assessment, Alternate Exam Sitting, Medical Certificates, Academic Integrity, Finalisation of Results, Review of Marks, Moderation of Assessment, Turn-it-in Software Use. These policies can be accessed using the 'Document Search' feature within the <u>Policy Library</u>

Academic Integrity Griffith College is committed to maintaining high academic standards to protect the value of its qualifications. Academic integrity means acting with the values of honesty, trust, fairness, respect and responsibility in learning, teaching and research. It is important for students, teachers, researchers and all staff to act in an honest way, be responsible for their actions, and show fairness in every part of their work. Academic integrity is important for an individual's and the College's reputation.

All staff and students of the College are responsible for academic integrity. As a student, you are expected to conduct your studies honestly, ethically and in accordance with accepted standards of academic conduct. Any form of academic conduct that is contrary to these standards is considered a breach of academic integrity and is unacceptable.

Some students deliberately breach academic integrity standards with intent to deceive. This conscious, premeditated form of cheating is considered to be one of the most serious forms of fraudulent academic behaviour, for which the College has zero tolerance and for which penalties, including exclusion from the College, will be applied.

However, Griffith College also recognises many students breach academic integrity standards without intent to deceive. In these cases, students may be required to undertake additional educational activities to remediate their behaviour and may also be provided appropriate advice by academic staff.

As you undertake your studies at Griffith College, your lecturers, tutors and academic advisors will provide you with guidance to understand and maintain academic integrity; however, it is also your responsibility to seek out guidance if and when you are unsure about appropriate academic conduct.

In the case of an allegation of a breach of academic integrity being made against a student he or she may request the guidance and support of a Griffith College Student Learning Advisor or Student Counsellor.

Please ensure that you are familiar with the Griffith College Academic Integrity Policy; this policy provides an overview of some of the behaviours that are considered breaches of academic integrity, as well as the penalties and processes involved when a breach is identified.

For further information please refer to the Griffith College website - Policy Library > Academic Integrity Policy

#### Reasonable Adjustments for Assessment – The Disability Services policy

The Disability Services policy (accessed using the Document Search' feature with the <u>Policy Library</u>) outlines the principles and processes that guide the College in making reasonable adjustments to assessment for students with disabilities while maintaining academic robustness of its programs.

#### **Risk Assessment Statement**

There are no out of the ordinary risks associated with this course.
