3.4 Other Information about your Learning

Attendance

You are expected to actively engage in all learning experiences and learning activities which underpin the learning content in this course. You are expected to engage with the learning content and learning activities outside of timetabled class times. This requires you to be an active agent of your learning. You are expected to bring all necessary learning resources to class such as the required textbook and /or Workbook. In addition, you are encouraged to BYOD (bring your own device) to class such as a laptop or tablet. This is not a requirement as computer lab facilities are available on campus, however, the use of such devices in the classroom is encouraged with appropriate and considerate use principles being a priority.

Preparation and Participation in Learning

In order to enhance your learning, you need to prepare before participating in the learning experiences. Absorb the learning content and complete the learning activities that are provided online before you attend the scheduled learning experiences. Make sure you complete the learning activities set each week, they are designed to support your learning. Active participation in your learning will enhance your success. Ask questions when something is unclear or when you want to bring some issue to your lecturer or tutor's attention; respond to questions to test your knowledge and engage in discussion to help yourself and others learn.

Consultation Sessions

Teachers offer extra time each week to assist students outside the classroom. This is known as 'consultation time.' You may seek assistance from your teacher on email or in person according to how the teacher has explained this to the class. Attendance during consultation time is optional but you are encouraged to use this extra help to improve your learning outcomes.

Course Learning Materials

Learning materials are made available to you in MyStudy on the Griffith College Portal. The learning materials are arranged in Modules. In each Module you will find the learning content, learning activities and learning experiences. Actively working your way through these course learning materials together with your lecturer or tutor will prepare you to succeed when completing the evidence of learning (assessment).

Self-Directed Learning

You will be expected to learn independently. This means you must organise and engage with the course learning content even when you are not specifically asked to do so by your lecturer or tutor. The weekly guide will be helpful to organise your learning. This involves revising the weekly course learning material and completing the learning activities. It also means you will need to find additional information to evidence your learning (assessment) beyond that given to you, and to construct your own response to a question or topic. All of this requires careful planning of your time. Expect to spend, on average, at least 10 hours per week including class time for each of your courses.

Program Progression

You are reminded that satisfactory Program Progression requires that attendance in classes is maintained at equal to or greater than 80%, and that GPA is maintained at equal to or greater than 3.5 [please see Griffith College Policy Library - [Program Progression Policy](#) - for more information].

Teacher and Course Evaluation

Your feedback is respected and valued by your lecturers and tutors. You are encouraged to provide your thoughts on the course and teaching, both positive and critical, directly to your lecturer and tutor or by completing course and lecturer evaluations via Griffith College's evaluation tool whenever these are available.

5.2 Evidence of Learning Task Detail

1. Weekly Homework Check (2% each x 7 = Total 14%)

The first period for the Weekly Tutorial/Workshop Homework Check will start with the assessable Tutorial/Workshop 1 which is due in Week 2 and end with the assessable Tutorial/Workshop 7 which is due in Week 8.

The assessable tutorials will run one week behind the lectures. The process is that you will have the weekly lecture, then the following week you will be required to present your tutorial work from the previous weeks lecture.

During tutorial/workshop sessions we will discuss the tutorial/workshop problems in the form of a hypothetical fact situation, where you will be asked to advise X or Y, and to identify and explain legal arguments and remedies which are available. These questions will be discussed in class with emphasis placed on a legal solution, and with a clear identification of relevant legal principles.

You are expected to participate in the tutorial/workshop discussion and to demonstrate that you have adequately prepared for each of your tutorial/workshop sessions by completing the prescribed readings relevant to each tutorial/workshop and preparing answers to all tutorial questions every week.

Your tutorial/workshop answers are required to be typed. They also must have your name, student number and tutorial time clearly visible. Answers to ILAC questions should be written in the format of Issues, Law, Application, and Conclusion.

* The seven assessable Weekly Tutorial/Workshop Homework Check answers will be assessed on a 'genuine attempt' basis and marked by your tutor in the tutorial/workshop.

- If you submit a complete (genuine attempt) set of answers you will receive 2 marks for the first six tutes per tutorial week.
- If you do not submit a genuine attempt at the answers then you will receive 0 for that week's tutorial questions.

All submissions must be made in the respective tutorial.

No marks will be given for any submissions that are not made in the tutorial/workshop or for any student who does not attend the tutorial/workshop. You will not be considered for a tutorial/workshop homework mark unless you provide a doctors certificate or appropriate documentation.

There are no marks for merely attending tutorial/workshops.

You are strongly advised that academic misconduct rules apply to the Weekly Tutorial Homework Check. There are no group or collective homework assignment in this course and as such assessment must be completed individually. Please read the information about Academic Misconduct at the end of this Course Outline.

Submission is now by email to tutor.

2. Online Quiz_(15%)

The Online Quiz will be held in Week 6. It is worth 15% and consists of 15 multiple-choice questions. The In-Class Quiz provides you with the opportunity to demonstrate your understanding of the material covered from week 1 up to and including week 5 and assess your progress in the course.

The In-Class Quiz will be CLOSED BOOK. This means that textbooks, written materials or electronic devices will not be permitted in the exam. Translation dictionaries will be permitted but only if they are in hardcopy book form and not electronic form.

3. Hand-In Assignments (16%)

The Hand-In assignments are all the tutorial questions for the tutorials in weeks 10, 11, 12.

All of the tutorial questions in those weeks, including the ILAC questions in those weeks, will be assessable. The answers you provide for the Hand-In assignments will be assessed as to the correctness of all of your answers to all of the questions, not merely genuine attempt, and as to answering of the ILAC questions.

All submissions must be made in the respective tutorial and must be typed.

The Hand-In Assignments will be taken up by your tutor in the tutorial/workshop and returned to you no later than 14 days with appropriate comments designed to assist you in regard to enhancing your ability to come to terms with legal problems and their resolution.

All Hand-In Assignments must be submitted in the respective tutorial. No marks will be given for any Hand-In Assignments that are not made in the tutorial/workshop or for any student who does not attend the tutorial/workshop. You will not be considered for a Hand-In Assignment mark unless you provide a doctors certificate or appropriate documentation.

There are no marks for merely attending tutorial/workshops.

You are strongly advised that academic misconduct rules apply to the Hand-In Assignments. There are no group or collective homework assignments in this course and as such assessment must be completed individually. Please read the information about Academic Misconduct at the end of this Course Outline.

Academic Integrity Griffith College is committed to maintaining high academic standards to protect the value of its qualifications. Academic integrity means acting with the values of honesty, trust, fairness, respect and responsibility in learning, teaching and research. It is important for students, teachers, researchers and all staff to act in an honest way, be responsible for their actions, and show fairness in every part of their work. Academic integrity is important for an individual's and the College's reputation.

All staff and students of the College are responsible for academic integrity. As a student, you are expected to conduct your studies honestly, ethically and in accordance with accepted standards of academic conduct. Any form of academic conduct that is contrary to these standards is considered a breach of academic integrity and is unacceptable.

Some students deliberately breach academic integrity standards with intent to deceive. This conscious, pre-meditated form of cheating is considered to be one of the most serious forms of fraudulent academic behaviour, for which the College has zero tolerance and for which penalties, including exclusion from the College, will be applied.

However, Griffith College also recognises many students breach academic integrity standards without intent to deceive. In these cases, students may be required to undertake additional educational activities to remediate their behaviour and may also be provided appropriate advice by academic staff.

As you undertake your studies at Griffith College, your lecturers, tutors and academic advisors will provide you with guidance to understand and maintain academic integrity; however, it is also your responsibility to seek out guidance if and when you are unsure about appropriate academic conduct.

In the case of an allegation of a breach of academic integrity being made against a student he or she may request the guidance and support of a Griffith College Student Learning Advisor or Student Counsellor.

Please ensure that you are familiar with the Griffith College Academic Integrity Policy; this policy provides an overview of some of the behaviours that are considered breaches of academic integrity, as well as the penalties and processes involved when a breach is identified.

For further information please refer to the Griffith College website - Policy Library > [Academic Integrity Policy](#)

Reasonable Adjustments for Assessment – The Disability Services policy

The [Disability Services policy](#) (accessed within the [Policy Library](#)) outlines the principles and processes that guide the College in making reasonable adjustments to assessment for students with disabilities while maintaining academic robustness of its programs.
