

1. General Course Information

1.1 Course Details

Course Code:	1014HSV
Course Name:	Introduction to Social Theory
Trimester:	Trimester 2, 2022
Program:	Diploma of Social and Psychological Science
Credit Points:	10
Course Coordinator:	Sheena Fleming
Document modified:	24 May 2022

Course Description

This course provides an introduction to contemporary debates in the social sciences and their relevance to social interventions in the health and human services arena. The social sciences provide health and human services practitioners with theoretical and methodological frameworks for professional practice. Frameworks, informed by the discipline of sociology, connect important concepts such as class, race, sex and age to social inequalities.

1.3 Meet with your teacher

Your teacher is available each week to meet outside of normal class times. This is called consultation. Times that your teacher will be available for consultation will be found on the Teacher's tile on your Course Site.

1.4 Timetable

Your timetable is available on the Griffith College Digital Campus at My Apps, Timetable.

1.5 Technical Specifications

All students must have access to a computer or suitable mobile device such as desktop, laptop, or tablet. In addition, up-to-date browser access, a reliable high-speed internet connection with enough upload and download capacity, a webcam and headset including microphone are needed.

2. Aims, Outcomes & Generic Skills

2.1 Course Aims

This course aims to expose students to the wider social and cultural context in which health and human services operate, including an understanding of culture, globalisation, environmental sustainability and issues surrounding disadvantage.

Specifically, students will explore and examine:

1. the foundations of modern social theory and their applications to key social issues through three key paradigms underpinning sociological thought: Functionalism, Conflict Theory and Symbolic Interactionism;
2. social inequalities such as class, race/ethnicity, sex/gender and age in the first few weeks of this course followed by the exploration of major social institutions such as the social construction of crime/deviance, education & employment, health/illness, marriage & religion; and
3. themes of inequality on a global scale including globalisation & economics, cultures & subcultures and environmental movements & sustainability.

2.2 Learning Outcomes

After successfully completing this course you should be able to:

1. Compare the approaches of three paradigms to critique the influence of each sociological factor on individual and societal wellbeing.
2. Demonstrate the interplay between structure and agency to various sociological factors.
3. Summarize the impact individual differences such as race, gender, and age upon individuals' social position and wellbeing.
4. Exemplify the impact of social structures such as culture and the legal system on individuals' social position and wellbeing.
5. Consider the impact of broader economic structures such as employment and globalisation on individuals' social position and wellbeing.

2.3 Generic Skills and Capabilities

For further details on the Generic Skills please refer to the [Graduate Generic Skills and Capabilities policy](#).

Griffith College aims to develop graduates who have an open and critical approach to learning and a capacity for lifelong learning. Through engagement in their studies, students are provided with opportunities to begin the development of these and other generic skills.

3.4 Other Information about your Learning

Preparation and Participation in Learning

You need to prepare before attending your scheduled learning experience. Work through the learning content prepared by your teacher which is found on the course site. Make sure you complete the learning activities set each week, they are designed to support your learning. Active participation in your learning will enhance your success. Ask questions when something is unclear or when you want to bring some issue to your teacher's attention; respond to questions to test your knowledge and engage in discussion to help yourself and others learn.

Attendance

You are expected to actively engage in all learning experiences which underpin the learning content in this course. You are expected to engage with the learning content and learning activities outside of timetabled class times. This requires you to be an active agent of your learning. You are expected to bring all necessary learning resources to class such as the required textbook and /or Workbook. In addition, you are encouraged to BYOD (bring your own device) to class such as a laptop or tablet. This is not a requirement as computer lab facilities are available on campus, however, the use of such devices in the classroom is encouraged with appropriate and considerate use principles being a priority.

Consultation Sessions

Teachers offer extra time each week to assist students outside the classroom. This is known as 'consultation time.' You may seek assistance from your teacher on email or in person according to how the teacher has explained this to the class. Attendance during consultation time is optional but you are encouraged to use this extra help to improve your learning outcomes.

Course Learning Materials

Learning materials are made available to you in the course site. The learning materials are arranged in Modules. In each Module you will find Learning Content, Learning Experiences and Learning Activities. **Learning Content** will be engaged with prior to the scheduled **Learning Experience (your weekly class)**. This will ensure you are prepared for the scheduled Learning Experience by being aware of the content to be covered and therefore will be able to actively participate in the session. **Learning Activities** are accessed after the scheduled session for purposes of review, consolidation of learning, and preparation for the Evidence of Learning Tasks in the course.

In addition, **Anytime Anywhere** learning material is provided in the course. This learning material provides support, interactive tools and directions for students who occasionally cannot attend the weekly scheduled Learning Experience (either in person or on Zoom) perhaps due to illness or other commitments. The Anytime Anywhere learning material should also be used in conjunction with Learning Content and Learning Activities resources.

Self-Directed Learning

You will be expected to learn independently. This means you must organise and engage with the course learning content even when you are not specifically asked to do so by your teacher. The weekly guide will be helpful to organise your learning. This involves revising the weekly course learning material and completing the learning activities. It also means you will need to find additional information to evidence your learning beyond that given to you, and to construct your own response to a question or topic. All of this requires careful planning of your time. Expect to spend, on average, at least 10 hours per week including class time for each of your courses.

Program Progression

You are reminded that satisfactory Program Progression requires that attendance in classes is maintained at equal to or greater than 80%, students are engaged in their learning and that GPA is maintained at equal to or greater than 3.5 [please see Griffith College Policy Library - [Program Progression Policy](#) - for more information].

Teacher and Course Evaluation

Your feedback is respected and valued by your teachers. You are encouraged to provide your thoughts on the course and teaching, both positive and critical, directly to your teacher or by completing course and teacher evaluations via Griffith College's evaluation tool whenever these are available.

5.2 Evidence of Learning Task Detail

1. Evidence of Learning Task 1: Online Quiz

Task Type: Online Examination

Due Date: Week 4

Weight: 15%, Marked out of: 30

Length: n/a

Task Description: 30 multiple choice questions for 30 marks (each question is worth 1 mark).

Criteria and Marking: Students will be awarded marks based on number of correct responses to quiz questions.

Submission: Online submission using the link on the course site. Once you begin the exam, completion is timed. One attempt is allowed.

2. Evidence of Learning Task 2: Online Quiz

Task Type: Online Examination

Due Date: Week 8

Weight: 20%, Marked out of: 40

Length: n/a

Task Description: 40 multiple choice questions for 40 marks (each question is worth 1 mark).

Criteria and Marking: Students will be awarded marks based on number of correct responses to quiz questions.

Submission: Online submission using the link on the course site. Once you begin the exam, completion is timed. One attempt is allowed.

3. Evidence of Learning Task 3: Online Quiz

Task Type: Online Examination

Due Date: Week 11

Weight: 25%, Marked out of: 40

Length: n/a

Task Description: 40 multiple choice questions for 40 marks (each question is worth 1 mark).

Criteria and Marking: Students will be awarded marks based on number of correct responses to quiz questions. Short answers will be graded against standardised correct answers, with half marks being awarded where applicable. A marking grid will be made available to students before the Quiz. Online submission using the link on the course site. Once you begin the exam, completion is timed. One attempt is allowed.

Submission: Online submission using the link on the course site. Once you begin the exam, completion is timed. One attempt is allowed.

4. Evidence of Learning Task 4: Power Point Presentation (40%)

Task Type: Presentation

Due Date: Week 12

Weight: 40%, Marked out of: 40

Length: 1500 words

Task Description: This task allows students to develop and illustrate their understanding of a social problem. Students will use research skills to identify the causes and consequences of social problems and apply a sociological theory to explain the problem. This task will assess learning outcomes 1, 2,3, 4 & 5. This task allows students to develop and illustrate their understanding of a social problem. Students will use research skills to identify the causes and consequences of social problems and apply a sociological theory to explain the problem.

Criteria and Marking: Students will be awarded marks based on criteria sheet given with the instructions for this task.

Submission: Your presentation and commentary needs to be submitted to Turnitin as one document. In Turnitin, you will only have access to one submission point that will not allow you to submit multiple documents. Therefore, it is very important to ensure that your presentation and commentary is in the one document as you will not be able to upload another document once you have submitted your Evidence of Learning Task. Further, Turnitin will NOT enable the notes section to be viewed by the marker if you upload your presentation as a PowerPoint file.

In order to pass this Course, students must:

A. Attempt all assessment items

B. demonstrate assurance of learning of all learning outcomes through graded Evidence of Learning Tasks.

5.3 Late Submission

An Evidence of Learning Task submitted after the due date, without an approved extension from the teacher, will be penalised. The standard penalty is the reduction of the mark allocated to the Evidence of Learning Task by 5% of the maximum mark applicable for the Evidence of Learning Task, for each working day or part working day that the task is late. Evidence of learning tasks submitted more than five working days after the due date are awarded zero marks.

Please refer to the Griffith College website - Policy Library > [Assessment Policy](#) for guidelines and penalties for late submission.

5.4 Other Information about Evidence of Learning

Retention of Originals

You must be able to produce a copy of all work submitted if so requested. Copies should be retained until after the release of final results for the Course.

Requests for extension

To apply for an extension of time for an evidence of learning task, you must submit an [Application for Extension of Assignment](#) form to your teacher at least 24 hours before the date the assignment is due. Grounds for extensions are usually: serious illness, accident, disability, bereavement or other compassionate circumstances and must be able to be substantiated with relevant documentation [e.g. [Griffith College Student Medical Certificate](#)]. Please refer to the Griffith College website – [Policy Library](#) for guidelines regarding extensions and deferred Evidence of Learning Tasks.

Return of Evidence of Learning Tasks

1. Marks awarded for in-trimester evidence of learning tasks, except those being moderated externally with Griffith University, will be available on the course site within fourteen [14] days of the due date. This does not apply to the final evidence of learning task in this course (marks for this task will be provided with the final course result).
2. Students will be advised of their final grade through the Digital Campus. Students can review their final exam papers after student grades have been published. Review of final exam papers will not be permitted after the final date to enrol.
3. Marks for **all** evidence of learning tasks including the final exam (if applicable) will be recorded in the Course Site and made available to students through the Course Site.

The sum of your marks of evidence of learning tasks in this course does not necessarily imply your final grade for the course. Standard grade cut off scores can be varied for particular courses, so you need to wait for the official release of grades to be sure of your grade for this course.

6. Policies & Guidelines

Griffith College Evidence of Learning Tasks-related policies can be found in the [Griffith College Policy Library](#) which include the following policies:

[Assessment Policy](#), [Special Consideration](#), [Deferred Assessment](#), [Alternate Exam Sitings](#), [Medical Certificates](#), [Academic Integrity](#), [Finalisation of Results](#), [Review of Marks](#), [Moderation of Assessment](#), [Turn-it-in Software Use](#). These policies can be accessed within the [Policy Library](#)

Academic Integrity Griffith College is committed to maintaining high academic standards to protect the value of its qualifications. Academic integrity means acting with the values of honesty, trust, fairness, respect and responsibility in learning, teaching and research. It is important for students, teachers, researchers and all staff to act in an honest way, be responsible for their actions, and show fairness in every part of their work. Academic integrity is important for an individual's and the College's reputation.

All staff and students of the College are responsible for academic integrity. As a student, you are expected to conduct your studies honestly, ethically and in accordance with accepted standards of academic conduct. Any form of academic conduct that is contrary to these standards is considered a breach of academic integrity and is unacceptable.

Some students deliberately breach academic integrity standards with intent to deceive. This conscious, pre-meditated form of cheating is considered to be one of the most serious forms of fraudulent academic behaviour, for which the College has zero tolerance and for which penalties, including exclusion from the College, will be applied.

However, Griffith College also recognises many students breach academic integrity standards without intent to deceive. In these cases, students may be required to undertake additional educational activities to remediate their behaviour and may also be provided appropriate advice by academic staff.

As you undertake your studies at Griffith College, your teachers and academic advisors will provide you with guidance to understand and maintain academic integrity; however, it is also your responsibility to seek out guidance if and when you are unsure about appropriate academic conduct.

In the case of an allegation of a breach of academic integrity being made against a student he or she may

request the guidance and support of a Griffith College Student Learning Advisor or Student Counsellor.

Please ensure that you are familiar with the Griffith College Academic Integrity Policy; this policy provides an overview of some of the behaviours that are considered breaches of academic integrity, as well as the penalties and processes involved when a breach is identified.

For further information please refer to the Griffith College website - Policy Library > [Academic Integrity Policy](#)

Reasonable Adjustments for Evidence of Learning Tasks – The Disability Services policy

The [Disability Services policy](#) (accessed within the [Policy Library](#)) outlines the principles and processes that guide the College in making reasonable adjustments to Evidence of Learning Tasks for students with disabilities while maintaining academic robustness of its programs.
