Assessment Details

Rationale for assessment

Assessment in this course is primarily aimed at assessing your English language skills and ability to apply these within other courses in an academic environment.

1. Reading Comprehension Quizzes

These three (3) quizzes can be accessed online and you will have unlimited attempts to answer the questions. Your grade will take an average of all of your attempts. The stimulus will be taken from medical articles. The access to these quizzes will stay open for the nominated amount of time outlined in the course notes. The total of the quizzes is worth 20% of the final grade.

2. Listening Comprehension Quizzes

These three (3) quizzes can be accessed online and you will have unlimited attempts to answer the questions. Your grade will take an average of all of your attempts. The stimulus for these quizzes are from medical lectures. The access to these quizzes will stay open for the nominated amount of time outlined in the course notes. The total of the quizzes is worth 20% of the final grade.

3. Referral Letter Writing

Over the trimester, you will be required to submit three (3) written referral letters online through the course notes. Each letter requires you to write at least 200 words and your teacher will give you online feedback about your language. These tasks will only stay open for a period of a few weeks, to allow your teachers to mark effectively. You only get *one* attempt at each task. The total of the writing tasks is worth 20% of the final grade.

4. Speaking Role Play

Conducted in the final week, the speaking role play is a one on one task with your teacher. You will have a conversation as a nurse to a patient. You will be given a situation and are required to speak for between 3-5 minutes. The total of the speaking task is worth 20% of the final grade.

5. Vocabulary Building Journal

Over the trimester, you will be required to complete eight (8) separate pages of a vocabulary journal (at the back of each week's workbook). You are to choose at least ten (10) words from one of your text books from your other courses and explore the meaning, word family, synonyms, and example sentence to build your vocabulary. Your teacher will check this each week at the start of each class. The total of the vocabulary journal is worth 20% of the final grade.

Note: LDP is a non-award course and as such is not included in the calculation of your grade point average (GPA). At the completion of the course you will be awarded either an NP (Non-graded Pass) or an NC (Not Complete) grade. You are required to complete LDM100 before you can be graduated from Griffith College.

Submission and Return of Assessment Items

Normally you will be able to collect your assignments in class within fourteen [14] days of the due date for submission of the assignment.

Retention of Originals

You must be able to produce a copy of all work submitted if so requested. Copies should be retained until after the release of final results for the course.

Extensions

To apply for an extension of time for an assessment item you must submit a written request to your lecturer via the Student Website at least 48 hours before the date the assessment item is due. Grounds for extensions are usually: serious illness, accident, disability, bereavement or other compassionate circumstances and must be able to be substantiated with relevant documentation [e.g. medical certificate]. Please refer to the Griffith College website - Policy Library - for guidelines regarding extensions and deferred assessment.

Penalties for late submission without an approved extension

Penalties apply to assignments that are submitted after the due date without an approved extension. Assessment submitted after the due date will be penalised 10% of the TOTAL marks available for assessment (not the mark awarded) for each day the assessment is late. Assessment submitted more than five days late will be awarded a mark of zero (0) For example:

- > 5 minutes and <= 24 hours 10%
- > 24 hours and <= 48 hours 20%
- > 48 hours and <= 72 hours 30%
- > 72 hours and <= 96 hours 40%
- > 96 hours and <= 120 hours 50%
- > 120 hours 100%

Note:

- Two day weekends will count as one day in the calculation of a penalty for late submission.

- When a public holiday falls immediately before or after a weekend, the three days will count as one day in the calculation of a penalty for late submission.
- When two public holidays (e.g. Easter), fall immediately before or after, or one day either side of a weekend, the four days will count as two days in calculating the penalty for late submission.
- When a single public holiday falls mid-week, the day will not be counted towards the calculation of a penalty.

Please refer to the Griffith College website - Policy Library > Assessment Policy for guidelines and penalties for late submission.

Assessment Feedback

Marks awarded for assessment items will also be available on the on-line grades system on the Student Website within fourteen [14] days of the due date.

Academic Integrity

Griffith College is committed to maintaining high academic standards to protect the value of its qualifications. Academic integrity means acting with the values of honesty, trust, fairness, respect and responsibility in learning, teaching and research. It is important for students, teachers, researchers and all staff to act in an honest way, be responsible for their actions, and show fairness in every part of their work. Academic integrity is important for an individual's and the College's reputation.

All staff and students of the College are responsible for academic integrity. As a student, you are expected to conduct your studies honestly, ethically and in accordance with accepted standards of academic conduct. Any form of academic conduct that is contrary to these standards is considered a breach of academic integrity and is unacceptable.

Some students deliberately breach academic integrity standards with intent to deceive. This conscious, pre-meditated form of cheating is considered to be one of the most serious forms of fraudulent academic behaviour, for which the College has zero tolerance and for which penalties, including exclusion from the College, will be applied.

However, Griffith College also recognises many students breach academic integrity standards without intent to deceive. In these cases, students may be required to undertake additional educational activities to remediate their behaviour and may also be provided appropriate advice by academic staff.

As you undertake your studies at Griffith College, your lecturers, tutors and academic advisors will provide you with guidance to understand and maintain academic integrity; however, it is also your responsibility to seek out guidance if and when you are unsure about appropriate academic conduct.

Please ensure that you are familiar with the [Griffith College Academic Integrity Policy](#); this policy provides an overview of some of the behaviours that are considered breaches of academic integrity, as well as the penalties and processes involved when a breach is identified.

For further information please refer to the Academic Integrity Policy on the Griffith College website – Policy Library.
